Pratik Koli

QA Engineer | Playwright Automation (Learning) | API & UPI Testing
| 6+ YOE in Insurance, Banking & FinTech | ISTQB Certified
Navi Mumbai, Maharashtra, India

Summary

I'm a QA Engineer with 6+ years of experience testing digital banking and insurance platforms, with a strong focus on delivering smooth, defect-free user experiences.

I've worked extensively on UPI systems, lending journeys, onboarding flows, and API validation, ensuring quality across both mobile and web applications. From designing test strategies to executing UAT and regression cycles, I enjoy solving real-world product challenges and improving release confidence.

Currently, I'm expanding into automation using Playwright (TypeScript) to build scalable, modern testing solutions.

What sets me apart is my blend of domain expertise (FinTech + Insurance) and a strong quality mindset that aligns closely with product goals.

Always open to collaborating on impactful products and learning something new every day.

Experience

GigLabz Private Limited
Quality Analyst
June 2025 - Present (10 months)
Client: Fino Payments Bank

Led end-to-end testing for digital banking applications (iOS & Android), ensuring seamless user journeys across high-impact financial features

Validated critical UPI functionalities (Pay to Number, Rupay Credit Card, UPI Lite) supporting real-time transactions and improving system reliability

Delivered comprehensive testing for lending workflows (Personal, Gold, Home Loans), reducing risk in customer-facing financial journeys

Designed and maintained RTMs, UAT scenarios, and test data strategies, increasing test coverage and release confidence

Collaborated cross-functionally with Product, BA, and Dev teams to identify defects early and prevent production escalations

CodersBrain

Quality Analyst

December 2024 - June 2025 (7 months)

Client: Fino Payments Bank

Executed UAT and system testing for key financial modules including Mutual Funds, Fixed Deposits, Rewards, and Digital Onboarding

Built and executed robust regression test suites, ensuring stability across multiple release cycles

Played a key role in UAT sign-offs, minimizing post-release defects and improving user experience

Managed defect lifecycle using Jira, ensuring faster resolution and better traceability

NSEIT LIMITED

Associate Test Analyst

October 2023 - December 2024 (1 year 3 months)

Thane, Maharashtra, India

Client: Tata AIA Life Insurance

Performed functional testing for policy servicing, payout, and governance workflows, ensuring compliance with business rules

Delivered detailed UAT reports and go/no-go recommendations, directly influencing release decisions

Collaborated with stakeholders to ensure alignment between business requirements and system behavior

3i Infotech Ltd.

Manual Test Engineer

December 2022 - September 2023 (10 months)

Thane, Maharashtra, India

Client: Tata AIA Life Insurance

Designed and executed comprehensive UAT scenarios for insurance products, covering edge cases and business-critical flows

Identified gaps in test coverage and implemented improvements, resulting in a 20% reduction in defect leakage

Performed data validation and regression testing, ensuring system integrity across releases

QualityKiosk Technologies Pvt. Ltd.

Senior Test Engineer

September 2019 - October 2022 (3 years 2 months)

Client: AIA Philam Life, Philippines

Led UAT cycles for large-scale insurance transformation programs, coordinating with multiple stakeholders

Conducted API testing for onboarding and servicing modules, ensuring accurate data flow across systems

Identified high-risk areas early and improved testing efficiency through better planning and execution

Education

MES' PILLAI HOC COLLEGE OF EDUCATION AND RESEARCH, Rasyani.

Masters of Management Studies (MMS) , MMS · (2016 - 2018)
